Meadow Banks, School Lane, Cantley, Norwich, Norfolk NR13 3SA

We are a business that likes to give a personal service with customer satisfaction and good quality workmanship a must. It is our hope to give all our customers an excellent service. All of our customers are treated as individuals and we like to meet with all of their requirements.

If you are unable to find what you are looking for we can offer a bespoke service to meet your needs. Regardless of whether your requirements are large or small our aim is to offer a friendly service, so why not come and see us, and look at our products? Ring us for a chat or email us - we are always here to help you.

In the building of our jumps (be it traditional show jumps or working hunter jumps) we only use quality timber, which are constructed by skilled personnel to a very high standard. They are fixed with strong fixings, bolts and screws and are finished in quality gloss paint, (knotted, primed & undercoat) coloured stain or wood preservative. The corners are chamfered where possible and there are no sharp edges.

We can manufacture from individual training jumps right up to full BSJA Competition courses. These are updated on a regular basis so please contact us for further information. All of our jumps are supplied with keyhole track and safety cups or FEI Cups and track. We also supply standing fillers, hanging fillers, gates, novelty fillers etc.

### **DELIVERY**

We can arrange for delivery and this will be charged according to the consignment, we like to be able to keep the costs down as much as possible. We are also happy for you to collect your own orders.

We are available 7 days a week.

### **PAYMENT TERMS**

Payment can be made by cash or cheque.

Once an order is received we will give you an approximate delivery time and 5 days before anticipated delivery we will contact you to arrange payment.

All goods must be paid for in full before dispatch.

Goods remain the property of Jumps2Go until paid for in full.

### **Returns Policy**

If any product supplied by us is not as you would expect it to be please contact us by telephone or email explaining the problem and we will arrange for inspection and/or collection of the product and agree with the customer the way forward. If goods are returned for any reason other than when the item is faulty, the customer will be responsible for organising and paying for return of the product.

Goods should be returned to our workshop. However, we cannot be responsible for goods lost or damaged in transit.

### **General**

We reserve all rights to alter colours, designs and specifications at any time should it be necessary.

**All products are subject to technical changes and all colours are reproduced as close as possible to your required colour. Heartwood is the inner wood of a tree; it is heavier and more rigid. It does however have a significant tendency to warp and crack, this does not give grounds for complaint.**
